

Quick Summary

For many people looking to increase their heart rate, burn calories, and become more physically fit through cardio exercise, elliptical trainers can be an alternative to traditional treadmills. Choosing the best commercial elliptical trainer usually involves contemplating your fitness goals, budget, current physical shape, aesthetics, and location. Before performing any cardio exercise, however, it is typically recommended that you to consult with a health or fitness professional to determine your physical condition and what level of exercise is appropriate for you.

The FT-6808 is the exact Elliptical Fitness Crosstrainer used in health clubs worldwide, self powered, moving handlebars, 6 preset programs, 16 resistance levels, touch and telemetry heart rate monitoring with Smart Rate and advanced metrics tracking..The Elliptical Fitness Crosstrainer provides smooth, natural, low-impact workouts that help you get results.
